# Honor the Past

Founded in 1900 - Coleman has played significant roles in the outdoor experiences of Americans:

**INNOVATE**

**SUPPORT**

**CONNECT**

REIMAGINE  
*a better*  
TOMORROW

Throughout our history we have never lost sight of the most important thing—connecting friends and families with the best of the outside. At Coleman, we believe that when people connect in the outside **ANYTHING** is possible. We also believe that the outside is a place for **EVERYONE**. Built from 120 years of experience, Coleman is the catalyst that inspires outdoor connections between people and the outside, rejuvenating the bonds between each other and the planet—paving the path to positive progress. Coleman ignites human connections in the outside with the power to restore, redefine and reimagine a better tomorrow—for everyone.

# The Coleman Collective supports Coleman's purpose –

Bringing it to life by showcasing the human element, amplifying messages of Collective members – celebrating their stories of restored, redefined and reimagined outdoor communities.

A night scene of a tent glowing in a mountain valley under a starry sky. The tent is illuminated from within, casting a warm yellow light. The surrounding landscape is dark, with silhouettes of trees and mountains. The sky is filled with stars, creating a serene and adventurous atmosphere.

# *The* OUTSIDE IS CALLING

There's an adventure just outside those walls. You won't find it inside, or want to experience it alone.

It's a place where memories are made and bonds are forged. It's the thing you hate to leave, and can't wait to get back to.

For some, it's hitting the trails.

For others, it's a tailgate outside the arena or a weekend at the lake. It's a place full of campfires, comraderie, and quality time.

So grab your friends, your family, your gear and whatever else you need to venture out.

**#ANSWERTHECALL**

# BRAND PURPOSE

At Coleman we believe that when people connect outside anything is possible.

We also believe that the outside is a place for everyone.

Coleman inspires human connections in the outside igniting the power to restore, redefine, and reimagine a better tomorrow—for everyone.
